G. W. CLINGMAN FREED OF BLAME

Coroner's Verdict Exonerates Him
For Murder of George Perry
Last Sunday Morning

SHOT TOO HASTILY, HE SAYS

Clayton Perry, a Brother, Testifies
Four Shots Were Fired—
Other Witnesses Say Three

The verdict of Dr. Lowell M. Green on the death of George Perry, the Manilla man who was shot and killed last Saturday night by George W. Clingman, filed this afternoon, exonerates Clingman from any actual crime or intention of crime, but at the same time criticizes Clingman's action in shooting as hastily and uncalled for, as he did.

The coroner's verdict, while having no direct bearing on the action of the court on the charge against Clingman, goes to show the coroner's opinion of the shooting. The verdict and finding of the coroner is as follows:

"I, Lowell M. Green, coroner of Rush county do hereby find said George Perry came to his death from a 22 calibre bullet wound two inches back and on the level with the superior edge of the pima of the left ear. Said bullet entering skull at above mentioned site ranged downward and forward penetrating the brain and lodging in the floor of left skull. I find that above mentioned bullet was one of three which were shot by George W. Clingman.

"I further find the said George W. Clingman shot while being frightened and while he shot too hastily, I find it was done without malice or forethought and that he did not intentionally, but accidentally shoot and kill one George Perry."

The evidence in the case was all in the hands of the coroner this morning after Robert Perry, the father, and Clayton Perry, the brother of George Perry, came to the office of Dr. Green and testified. The story of all the witnesses practically agree, except that of Clayton Perry.

Clayton Perry was in the buggy with his brother and father when the shots were fired. He testified that in all there were four shots fired, but all the other members of the party testified that only three shots were fired. Clingman and his wife also state that only three shots were fired. The evidence discloses that it was the third and last shot that took effect.

The verdict of the coroner can have no effect on the court proceedings, but at the same time shows what an investigation by the coroner revealed and might be used as a criterion as to what a jury might find. It was stated today that in some quarters there had been an effort made to create a mystery in the shooting of Perry by Clingman.

It was pointed out that two facts have been established and but one remains to be fixed. The two facts standing out prominently as established are; Perry is dead, having

WANDERS WAY FROM HOME

Three-Year-Old Son of Percy Wright
Found Near L. E. & W. Depot.

A lost boy scare created some excitement this morning in North Sexton street, when John Wright, three years old, son of Mr. and Mrs. Percy Wright, corner of Sexton and Seventh street, wandered away from home. The little boy was eventually found in the lumber yard in the rear of the L. E. & W. depot many blocks from his home. The boy was not missed for some time and then the search began. William Pea recalled seeing the boy in Arthur street and he was traced to the L. E. & W. depot.

LARGE BARN NEAR MOSCOW RUINED

Loss on Jefferson Lantz Farm Especially Heavy Because They Were Prepared for Sale

BARN IS HIT BY LIGHTNING

A large barn on the Jefferson Lantz farm, near Moscow, was destroyed by fire late yesterday afternoon after it had been struck by lightning. Renz Platt is the tenant at the farm. The loss is estimated at \$3,000 which is partially covered with insurance.

The barn contained 250 bushels of wheat and 30 tons of hay and a large number of farming implements. Seven horses were taken from the barn after the fire was discovered. Mr. Lantz and his tenant were getting ready for a public sale and the loss at this time was especially hard.

A severe electrical and rain storm passed over Orange township and the southwestern part of the county late yesterday afternoon and it was during this storm that the barn was struck.

GOING TO COMPETE WITH UNCLE SAM

Hargrove and Mullin Put in Stamp Vending Machine Where You Buy 'Em at Same Price.

ALSO GET SOME PREMIUMS

The latest thing in bargains to be offered in Rushville is stamps—the regular one and two cent kind handled and backed by Uncle Sam. This bargain in stamps beats buying them at the postoffice. Hargrove and Mullin have installed a stamp vending machine that gives value received in stamps and in addition several other premiums.

The machine sells only five cents worth of stamps at a time. The customer may secure five one cent stamps for his nickel or two two-cent stamps and a one-cent stamp. The envelope in which the stamps come is valuable. It is worth \$1 in case of a \$10 purchase at the store of William B. Poe and Son and one side of the envelope is good for one admission to the Princess when accompanied by two paid admissions, excepting on Saturday.

The stamp vending machine affords a convenient way of securing postage stamps both for the clerks at the store and the customers.

ASSEMBLY HALL READY TO OPEN

Final Arrangements Are Made for Opening of Annual Chautauqua Sunday Afternoon

PROGRAM STARTS AT TWO

Time of Arrival of Sunday Talent Received—Flying Squadron Makes Last Trip

Sunday, August Sixth.

2:00 p. m. Opening and Devotional Exercises.
2:15 p. m. Prelude—The Metropolitan Grand Quartette.
3:00 p. m. Lecture—Dr. George E. Vincent.
7:30 p. m. Prelude—The Metropolitan Grand Quartette.
8:15 p. m. Lecture—Dr. George E. Vincent.

Monday, August Seventh.

8:30 a. m. Opening Exercises.
8:50 a. m. Lecture—Dr. C. C. Ellis.
9:50 a. m. Lecture—Supt. H. G. Brown.
10:50 a. m. Lecture—Miss Nina Lamkin.
2:00 p. m. Concert—The Metropolitan Grand Quartette.
3:00 p. m. Lecture—Glenn Frank.
7:30 p. m. Prelude—The Metropolitan Grand Quartette.
8:15 p. m. Entertainment—Chief Caupolian.

Final arrangements were completed today and everything set in order for the opening of the Rush county chautauqua Sunday afternoon at two o'clock. The usual devotional exercises will be held and the president of the association, T. M. Green, will make the opening remarks.

Word has been received concerning the arrival of the talent so that there is every assurance that the program will be given on scheduled time. The Metropolitan Grand Quartet will reach Rushville Sunday morning at 10:51 over the C. I. & W. in plenty of time for their first program at 2:15 Sunday afternoon.

Dr. George E. Vincent, president of the University of Minnesota, who will lecture twice Sunday, will arrive here Sunday morning at 5:30 over the C. I. & W. Dr. Vincent will be a guest at the home of the Rev. and Mrs. W. H. Whitsitt. Dr. Vincent will lecture at three o'clock on the subject, "The Psychology of the Crowd," and at 8:15 at night on "The Larger Selfishness."

Dr. Charles Calvert Ellis, head of the department of education in Juniata college, Huntington, Pa., the platform manager, arrived in the city early this evening. Dr. Ellis served in the same capacity at the chautauqua last year and gave fine satisfaction. He will have charge of all the programs and in addition will give a new lecture Tuesday afternoon. He will also be a regular lecturer at the teachers' institute, speaking each morning of the institute at 8:50 o'clock.

Miss Nina Lamkin, who will be in charge of the children during chautauqua week, will come this evening from some point in Ohio to be present at the opening of the chautauqua. Her work is expected to be a boon to the grown people and a genuine pleasure to the children. Miss Lamkin's work, in a word, consists of "organized play," or play for a purpose.

She divides the children into various groups and besides gives a series of round table talks to mothers.

CONTESTS WILL ATTRACT FARMER

Tractor Demonstrations at County Fair This Year Expected to be of Great Interest

DIFFERENT ONE EACH DAY

To be Dancing Pavilion and Entertainer in Grandstand—Night Fair to be Free

After the chautauqua comes the Rush county fair. Fortunately enough there is one week intervening during which time the people of the county have a little chance to rest and get ready for the second round.

Secretary J. Q. Thomas announced today that here would be a contest of farming implements at the fair this year which should be of interest to every farmer in Rush county as well as to those who are not engaged in farming. The contest will be staged by the International Harvester company on Wednesday, Thursday and Friday of the fair.

Tractors, spreaders and other new inventions for the farm will be displayed. There will be different contests on each day. Secretary Thomas says, so that farmers will want to see each one of them.

The Arlington band has been awarded the contract to play at the fair both day and night. Harry Moeller, a versatile entertainer, has been engaged to give programs in the grandstand during both the day and night fair.

Contrary to previous years, the night fair will be free this year, which it is believed insures a large attendance in the evening. The Elks lodge will run a dancing pavilion at the fair again this year. It is expected to be even a bigger attraction this year than last.

Secretary Thomas announced today that stockholders might get their tickets now by calling on him at his office. Family tickets are on sale at Hargrove & Mullin's drug store.

L. E. Marks has contracted to furnish the riding devices this year, Noah Tryon, who is in charge of concessions, has been visiting all the fairs in this circuit advertising the Rush county fair and getting concessions to come here. It is said that he has met with good success.

The stake races last year marked a new period in the horse racing at the county fair last year and their continuance this year means that the racing sport will be revived more than ever.

MERCURY IS HIGHER TODAY

Mounts to 95 Degrees and Weather Man Offers no Relief

The temperature mounted higher today, indicating that thing known in the weather man's dictionary as "Bermuda high" is back on the job again. Downtown thermometers registered ninety-five degrees above during the middle of the afternoon.

The prediction for today was generally fair tomorrow, with a little lower temperature in the northern part of the state. Unfortunately, however, Rushville is not in the northern part of the state, so must be content with about the same kind of weather tomorrow.

CO-OPERATION REQUESTED

Health Board Asks People to Help Enforce Drinking Cup Order.

Dr. E. I. Wooden today called attention to the order of the state board of health banishing public drinking cups on August 1. The order has been given general publicity and Dr. Wooden urged that the people co-operate with the city health board and the physicians of the city in seeing that the order is obeyed.

Bubbler drinking fountains, water containers with bubbler attachment, sanitary paper cups for individual use or individual cups may be used and comply with the order.

WOMEN ARE NOT ORGANIZED YET

After Hearing Franchise League's Side of Argument, No Definite Step is Taken

CONGRESSIONAL UNION TODAY

Speakers of Former Organization Say They Work for Both State and National Action

Although excellent arguments were put up by the members of the Franchise League in favor of suffrage and in favor of the Franchise League itself, no organization was started by the local supporters of suffrage. The general feeling among the local women is that the branch here would be much more successful if they come to an understanding among themselves and find which league the majority of women seem to favor before making any definite move toward joining.

Miss Eleanor Barker, chairman of the Congressional Union in Indiana, was to speak at the court house assembly room this afternoon at four o'clock and endeavor to form a branch here. The Congressional Union held a meeting here two weeks ago, but no local organization was perfected. It is hinted that the women lean toward the Franchise League, now that they have heard of their propaganda.

At the meeting conducted by the Franchise League in the assembly room of the court house yesterday afternoon, inspiring talks were made by Miss Belle O'Hair and Miss Alma Siekles of Indianapolis. About 25 enthusiastic suffragists from the Indianapolis and Shelbyville Franchise Leagues were here for the meeting.

"Woman's place is in the home, but the home can no longer be governed within four walls," was the statement of Miss O'Hair yesterday as she plead for the women, not to leave their place in the home, but to get the vote so that they would be more able to control the affairs of the home. "We are witnessing an age of the revolution and evolution of women. The conditions under which women were not allowed to vote no longer exist. The nation is getting ahead of itself. One billion women are supporting themselves in this nation and yet they are not allowed to cast a vote."

In her arguments, Miss O'Hair brought out clearly two points that woman has the natural right to vote and that by interest and temperament, she is not only capable of voting, but particularly adapted to cast the vote. She brought out the fact that the only classes of people who are not allowed to vote are paupers, idiots, convicts and women. Are women in this class? she asked. Too, she showed the entrance of women into the business world. Out of 137 occupations today, women are barred from only two.

"Her intimate knowledge of the conditions of the home make her particularly adapted to vote for civic improvements, which is the main incentive for women wishing to cast the vote, in order to be able to guard the health of her children by sanitation rules, to be able to vote on school problems and other improvements of interest to her. As to the time, would it take any more time to read an article on political conditions than it would to read a style magazine; or does it take any more time to go to a political meeting than to a pink tea?" said Miss O'Hair. "Some say, 'It is not woman's business to vote. It is not man's business either. Do any of

CARMEN'S STRIKE IS SPREADING OUT

Now Covers Three Boroughs in New York and Threatens to Develop in Fourth.

FEWER CARS IN OPERATION

New York, August 5.—The street car strike which covers Manhattan, Bronx and Queens threatens to spread to a fourth borough this afternoon when the employees of the Richmond, Light & Railway company presented demands and threatened a walk out.

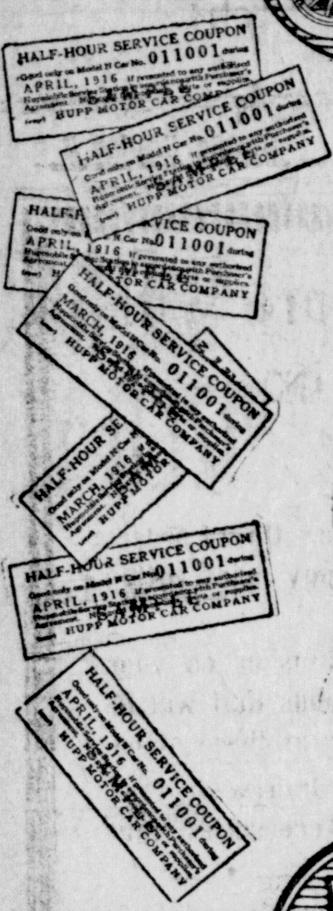

At the office of the Staten Island company at 2:30 this afternoon it was said there was no strike. Police Inspector Calahane reported the men had threatened to walk out at noon unless granted an advance from 24 to 30 cents an hour.

Men on the Second Avenue lines joined the strikers this afternoon. Their employers said no demands had been presented and that less than 50 per cent of their employees went out.

At noon the number of cars in operation on all lines in Manhattan had materially decreased. Officials of the railways said this was due to the lack of police protection. They maintained that strike breakers have been mobbed and intimidated it has been necessary to stop operation of cars in many sections of the city. Additional police protection is assured, however, and this afternoon they hoped to be able to cope with the Saturday afternoon traffic.

IS ALMOST HIT BY TRAIN

William James, Partially Deaf, Narrowly Misses Being Run Down

William James, colored, had a close call from being run down by the northbound Pennsylvania train this morning at the Perkins street crossing. Mr. James, who is hard of hearing, was driving south and when the horse was directly on the railroad track it stopped. He failed to see the train approaching and the engineer had to apply the emergency brakes to keep from hitting the rig. The train was stopped about ten feet from Mr. James. Persons witnessing the accident had the scare of their lives, in fact they appeared more frightened than Mr. James.

One Thousand Carmen Threaten After Refusal From Company

(By United Press.)

Philadelphia, August 5.—One thousand carmen in this city will strike, probably at midnight, following a flat refusal by Thomas E. Mitten, president of the Philadelphia Rapid Transit company this afternoon to meet officials of the local union of the Amalgamated Association of Street and Electric railway employes. Mitten's refusal was in answer to an ultimatum issued by the carmen this morning, giving the company 30 hours to accede to their demands for increased wages and recognition of the union.

been killed by a bullet from a .22 calibre rifle; the bullet was fired by George W. Clingman, who admits this fact. The one fact remaining to be decided was the intention of Clingman when he fired at the party of fisherman. This is a matter to be determined at the trial of Clingman.

The verdict of the coroner came, as no surprise as this was predicted last Monday after he had made his first investigation. Dr. Green could find no evidence of a motive. In fact, the testimony of Clingman shows that he and Perry were very close friends and that when he fired the shot he had no target and Clingman declares he did not shoot to kill.

HUGHES STARTS ON FIRST TOUR

Republican Candidate for President

Leaves on Trip That Will Carry Him to Coast

FIRST SPEECH AT DETROIT

Appears That he Will Have to do a Regular "Barnstorming" Tour

—Mrs. Hughes Along

By PERRY ARNOLD
(U. P. Staff Correspondent.)

New York, August 5.—Republican nominee Hughes started his stumping tour today. It will carry him across the country to the Pacific Coast and back again, with a few days' vacation sandwiched in between times, at some spot in Glacier National Park, Montana.

Originally Candidate Hughes planned a dignified speaking tour with set appeals for votes in only a dozen or so of the big cities enroute to the Pacific Coast. He expects to remain a day or so in each of these large cities conferring with local leaders. But the moment he

announced a transcontinental tour he began being bombarded with appeals from Republicans for speeches in their home towns—and today it appeared that Hughes would do a regular "barnstorming" tour—rear platform speeches and all.

Four years ago Colonel Roosevelt established a precedent for liveliness in transcontinental tours and with Hughes' ability as a campaigner his friends were betting today he would equal if not better the Roosevelt record for strenuous in speaking dates.

With the Governor travels Mrs. Hughes. It is a brand new departure for the wife of a candidate to be with him on campaign tours. But Mrs. Hughes has always been one of her husband's most trusted advisers and assistants in mapping political strategy, and besides she wanted to see that he kept well, so it was decided to have her along. Governor and Mrs. Hughes, two secretaries, a messenger, the Governor's personal press agent, Carl D. Sheppard, formerly a Washington newspaperman, and a messenger will occupy one private car on the trip. Hitched on to this will be another private car for politicians, local committees, and newspapermen.

On Monday, Governor Hughes will make the first set campaign speech of the season at Detroit. Tuesday he will speak in Chicago, and then he goes to St. Paul.

The Universal presents a big double program at the Gem today. Stelle Rozetta will be seen in a two act drama "The Purple Maze." Billie Rhodes and Lee Moran will also be seen in a Nestor comedy "Her Hero Maid." The other pictures for today are Hobart Henly in "The Devil's Image" a two act drama and Thomas Jefferson in a human interest drama "Betty's Hero." Monday Lois Meredith and Ralph Kellar will be seen in the five act Pathé Gold Rooster Play "The Precious Packet." Owing to the hot weather there will be no matinee Monday.

At the Princess theatre on Monday, matinee and night the next Metro feature picture will be the "Turmoil," a five part photodramatization of Booth Tarkington's famous novel of the same name, produced by the Columbia Pictures Corporation. Valli Valli, the talented stage and screen star, will be seen in the role of "Mary Vertress," while George Le Guere, the noted juvenile actor, will essay the part of "Bibbs Sheridan." The story is an unusually gripping one, and the novel from which it is taken is one of the biggest books ever published in America. There is an exceptional cast and the production is mounted on an elaborate scale. Edgar Jones directed this picture, and also directed Miss Valli in "The Woman Pays," the five part Metro production in which she was starred before "The Turmoil."

Thomas Jefferson, son of the immortal Joseph Jefferson in a touching human interest drama "Betty's Hero."

Coach Folwell Believes His Team
Will Shine This Year—Four
Lost Through Graduation

EXPECTS TO MAKE SHOWING

(By United Press.)
Philadelphia, August 5.—When Bob Folwell assembles the University of Pennsylvania football squad on Franklin field early next month for the first "work-out" there is one thing he will impress upon every man—no drudgery.

Bob dropped down to Philadelphia recently to look over the greensward where this fall he expects to bring the oft-defeated Red and Blue team to sweeping victory and possibly a place once more in the "big league" with Princeton, Harvard and Yale.

"My plans are complete," he said, "and the training system I will use will be precisely the same as the one I put into operation at Lafayette and Washington and Jefferson. No 'moonlight' scrimmages. More teams are killed by overtraining than defeats."

Folwell announced that Howard Berry, now at the front with the Pennsylvania National Guard will turn out for practice. General Price has assured him, said the new coach, that the martyr of last year will be released in time for practice. Captain Neil Matthews will return to Philadelphia about September 1 to assist in preparations to send the team to Langhorne, Pa., where the preliminary training camp will be established. The eleven will probably leave September 11.

Only four players have been lost to Penn by graduation—Captain Ned Harris, Ed Russell, Jean Rockafeller and Mike Dorizas.

The Rural School Term

Talk Four

(By J. L. McBrien, School Extension Agent, United States Bureau of Education, Washington, D. C.)

The lack of equal school privileges for the farm boy and the farm girl as compared with the school privileges provided for the city boy and the city girl, in length of school term, in equipment, in professional supervision, and in the qualification of teachers, are injustices that might have to be tolerated in a despotism but are discriminations that should have no place in a government of the people, by the people, and for the people. But we are not through yet with the length of the school term as one of the rankest discriminations against the farm boy and the farm girl in our public school policy.

The per cent of daily attendance of every 100 pupils enrolled in the rural schools of Maryland, according to the Bulletin of the Bureau of Education, 1913, No. 8, entitled "The Status of Rural Education in the United States," by A. C. Monahan, is only 51 per cent, the lowest percentage of attendance in the rural schools of all States in the Union. Delaware comes next with 51.4 per cent. Colorado ranks third with 53.6 per cent. The three States ranking

highest in percentage of daily attendance in the rural schools are as follows: Oregon, 90.6; Connecticut, 88.4; Massachusetts, 86. It is evident, therefore, that Maryland, with the lowest percentage of rural school attendance, is 39.6 per cent below Oregon with the highest percentage of rural school attendance.

If the rural school attendance were raised from 67.6 per cent—the average daily attendance in the rural public schools of the United States—to 90.6 per cent, the average daily attendance in the rural public schools of Oregon, it would mean an increase of the rural school term in effect and in the aggregate for the country at large of 23 per cent. It would seem that 9.4 per cent of the actual enrollment, as in the case of Oregon, is a sufficient allowance for all reasonable absences—such as sickness, necessity of pupils being absent as wage earners in order to properly support the family, and all other reasonable excuses. Oregon has found it so. What Oregon has done every other State in the Union can do if it only will. Who is ready to say that every State should not do this for the farm boy and the farm girl?

ORANGE C. W. B. M.

Mrs. Philips of Orange was hostess and leader for the meeting of the C. W. B. M. at her home yesterday afternoon. There was a good attendance to enjoy the numbers of the program which were:

Scripture reading—Mrs. Philips.

Lord's Prayer.

Business period.

Bible Study—Mrs. Friend.

Reading of a leaflet—Mrs. Bowen.

Last chapter of "The King's Highway"—Mrs. Philips.

11th chapter of "Forty Years of Service"—Mrs. Ryan.

An enjoyable time was spent later in the afternoon and dainty refreshments were served.

* * *

LAWN PARTY.

Bert and Ed West entertained Thursday evening with a lawn party at the home of their sister, Mrs. Harry York. On the lawn games were played, refreshments were served, and several musical numbers, instrumental and vocal, were furnished throughout the evening.

Guests for the pleasant affair were Mr. and Mrs. Ed Mock, and daughter Georgia, and son, John, Mr. and Mrs. Tom Mosburg, and son, Vern, Mr. and Mrs. Hubert Spillman, and son, Carlis, Mr. and Mrs. Herbert Holden, and the Misses Daisy Coon, Merle Spacey, Lily Vogel, Gladys McDonald, Marie Mosburg, Alice Gruell, and Gladys and Anna Watson, and Orville Barnard, Roy Culbertson, John King, Fred Mosburg, Guy Perkins, Manuel Poer, Sam Ferguson and James Morrison.

INFORMAL EVENING

Mr. and Mrs. W. O. Eden furnished a pleasantly informal evening for several of their friends when they entertained at their home in North Sexton street last evening. The majority of the evening was spent in listening to musical numbers furnished by the guests. Dainty refreshments of ice cream and cake were served. The guests of Mr. and Mrs. Eden were Albert Clark, Jesse Welling, Mr. and Mrs. A. C. Lewis, Mrs. Nettie Small, Mrs. Bertha Waincott, Chester Smith, Mrs. Sarah Kinnear, Arthur Kinnear, James Kratzer.

FAMILY CONCERT

Andrew Guffin and his five children, Lois, Frances, Layton, Andrew and Virgil of Roswell, N. M., entertained their friends in the Little Flatrock neighborhood where they formerly lived, last evening by giving a concert at the church there. The entire program was made up of numbers given by members of the family and was composed of readings, violin solos, cornet solos, a male quartette, and several orchestra numbers. Every number was well rendered and especially enjoyed because of the unusualness of the concert.

CAST PICNICS

Between rehearsals yesterday afternoon and evening, the cast of "The Midsummer Night's Dream," had a picnic at the chautauqua grounds. The two course supper was spread on the benches near the coliseum and over it the members of the cast had a delightful time. Those enjoying the informal little affair were the Misses Louise Poe, Leah Flint, Josephine Kelly, Kathleen Hogsett, Frances Frazee, Mr. and Mrs. Francis Moor, Prof. and Mrs. Beriault and daughter, Ben Cox, Denning Havens, Duane and Norman Reed, Stanton McBride, Wallace Payne, Dwight VanOsdol, and Simeon Stewart.

HAYRIDE

It was a jolly group of young people that took a hayride last evening as the guests of Miss Esther Anderson, who entertained honoring Miss Lillian Bell and Miss Kathryn Hutchinson of Huntington, W. Va. They rode to the home of Howard Stiers where a bonfire was built, on which they toasted marshmallows. Watermelons were also served. The evening was spent riding about the country, singing and having a good time in general. Miss Jessie Anderson and Ernest Marlatt were chaperones for the party, which consisted of the Misses Lillian Bell, Kathryn Hutchinson, Dorothy Sparks, Howard Stiers, Hubert Alexander, Paul Parrish, Robert Allen and Harry Schmalzel.

GUFFIN DINNER

Mr. and Mrs. Ol Guffin of west of the city entertained with a family dinner today in honor of Andrew Guffin and his five children who are visiting here from Roswell, N. M. Members of the Guffin family joined in the delightful time of welcoming back the visitors who formerly made their home in this county. An elegant dinner was served and the majority of the day was spent on the lawn.

Household Hints

Simple milk puddings should not be put in a very hot oven, or the milk will curdle.

□ □

Never have many cream dishes at any one meal; it is as bad as having several starchy dishes.

□ □

Epsom salts has been found by many to be excellent for setting the color of a delicate fabric. Just add a teaspoonful to each gallon of water and your garments, even those made of serge and other woolen materials, will wash easily without losing their color.

□ □

Before using your tins for cooking always fill them with cold water adding a handful of salt, and allow them to stand several hours, then rinse well in clear cold water. You will find this worth the trouble, for nothing sticks to them.

□ □

The busiest season for the farmer is also the busiest season for the farm woman. The conveniences that will lighten and expedite her work should be given as much consideration as the implements to be used in the field.

□ □

After a food chopper has been used for some time the knives will be found to have become dull both in color and in cutting power. When this happens it is not to be supposed that the chopper has outlived its usefulness, for by taking a piece of scouring soap and passing it through the chopper, grinding it up just as you would an article of food, the knives will become bright and sharp, and the powdered soap may be used again.

□ □

Lemonade made with oranges, lemons, a few slices of banana and a sprig of mint is delicious and refreshing.

□ □

When washing pillow feathers, try this method of removing your pillow feathers at home: Make cases of cheesecloth; rip open one end of the pillow and sew the open end of the pillow and empty the contents of one into the other. Now wash the ticking and roll it up into a sort of a handle. Shake the cheesecloth bag with the feathers up and down in a tub of soapy water. Rinse thoroughly in clear water and hang on the line in such a way that the ticking should not touch the feathers. Shake the feathers every half hour and when dry shake back into the ticking. You will find that after this process the pillows will be plump and fluffy.

MISSIONARY MEETING

At the home of Mrs. John Cassidy the Missionary society of the Little Flatrock Christian church had an interesting meeting Thursday afternoon. Mrs. Will Morgan had charge of the meeting which had the following numbers on the program:

Scripture—Grace Armstrong.

Prayer—Mrs. Hattie Barber.

Song.

Bible Study—Home in Corinth.

Mrs. Ora Norris.

Paper—The Centennial Campaign.

Mrs. Nellie Myers.

Roll Call.

Solo—Mariam Holman.

Business Period.

Talk—Children's Work—Mrs. Cassidy.

Story—Committee on Strangers.

Mrs. Pearl Fisher.

Mission Study—Mrs. Anna Heaton.

Sentence prayer—Mrs. Blanche M. Wilson.

Hidden answers.

Song.

During the business session, two new names were brought up for membership, Mrs. Sam Bever and Mrs. Carl Logan.

The ladies of the August division served delicious refreshments of ice cream and cake. In the August division are Mrs. J. W. Mauzy, Mrs. Charles Mauzy, Mrs. Walter Looney, Mrs. Bert Heaton, Mrs. John Dewester, and Mrs. George Smith.

Attractive Guests Leaves For Home

For two weeks a round of charming parties have been given for the southern girls visiting in this city, one of whom is attractive Miss Kathryn Hutchinson. She left today for her home in Huntington, W. Va.

FASHION AND FADS

Skirts are generally ruffled.

Sports hats of felt are most favored.

Flexible bracelets are very much worn.

Drop earrings are increasing in favor.

Short elbow sleeves are much befrilled.

Even baby dresses nowadays are smocked.

Dolily boxes are being made of cretonne.

Large pearl knobs are still seen on handbags.

Some of the newest frocks have short sleeves.

Your parasol may be any shape and be fashionable.

Thick silk fringe is being used on English sports coats.

Long stoles of ermine and velvet are worn this season.

The simply trimmed hats are decidedly the most chic.

Long, full sleeves have deep gauntlet cuffs of linen.

Tailored suits of white pique are among the new things.

New bathing suits are made of gay-figured materials.

Buffed alligator is coming into use again for handbags.

Frocks of plain taffeta, combined with plaid are fashionable.

them neglect their business to go to the polls?"

The principal part of the talk made by Miss Alma Sickles of Indianapolis explained the principles of the Franchise League, especially as it differs from the Congressional Union. The two things that the Congressional Union has borrowed from the English Suffragettes are holding the party in power responsible and threatening them if suffrage is not carried through, and practice of heckling speakers in congress. She pointed out that the Franchise League had been working for the Susan M. Anthony amendment to the national constitution for 26 years and the Congressional Union had been working for it for three years. Instead of holding the party in power responsible, the Franchise League believes in working through both parties inasmuch as it would be impossible to get a two-thirds majority in congress from either party.

While holding the party in power responsible, the Franchise League believes in working through both parties inasmuch as it would be impossible to get a two-thirds majority in congress from either party. It is a mistake to appeal on party lines, for this issue which is of interest to both parties, she said.

STUNNING TRAVELING TOGS MAKE TRAVELING BECOMING

Those New Coats in Striking Shades of Tobacco Brown, Mustard, Peacock Blue and Emerald Green—Toilette Cases, Too, Are Veritable Pandora Boxes That Contain Everything to Please the Fastidious Eye.

By MARGARET MASON.

She's never seen at home;

Her travel togs become her so,

She simply has to roam.

New York, August 5—Traveling

made becoming! That's what the

stunning new travel togs do for the

busy little globe trotter. Hats, coats,

veils, bags and boxes, they are all

smart as smart can be.

The newest travel coats come in

striking shades of tobacco brown,

mustard, peacock, blue and

emerald green and hang voluminously

full from narrow shoulders or

narrow yokes. Huge patch pockets

are much in evidence and buttons big

as silver dollars or oven doughnuts.

Of a certainty, if your coat is peacock blue your toilette case too must

be that hue. These fascinating re-

are built like small suit cases, but

the regular traveling bag shaped

ones are all of either dark leather or

BRITISH FACE TRADE CRISIS

Latest Submarine Commercial Venture of German Said to Have English Worried.

DUE TO START BACK TODAY

Plan to Offset Any Attempt Following War of Germany to Unload Goods on Market.

(By United Press.)

Baltimore, Md., August 5.—The giant U-Boat Deutschland, which made history by cruising from Germany to this port with a \$700,000 cargo of merchandise, is scheduled to start back to Germany today with a cargo of badly needed supplies for the Fatherland.

If, as the promoters of the commercial company that built the Deutschland claim, this is only the beginning of undersea commerce between the two countries, the British blockade not only has been permanently pierced, but Great Britain faces a crisis in her commercial export trade, according to what is being said and done in London.

Some time before the Deutschland arrived at this port, the merchants and manufacturers of England were frightened by the authentic report that Germany had stored up \$1,800,000,000, or nearly two billion dollars worth of goods ready to dump on the markets of the world after the war. The Britishers organized at once. The Association of Trade Protective societies, with 50,000 members and adopted a resolution urging the government to help head off the flood of German goods through the establishment and operation of a Ministry of Commerce. Should the undersea commerce venture of Germany, while the war still is in progress, prove practical on a big scale, England will be powerless to crush the Teutonic commercial competition and will, it is believed, face a series situation in dealing with her world markets, particularly after the war and somewhat immediately.

HAS GOOD WORD FOR BRICK ROAD

United States Office of Good Roads Says They Give General Satisfaction Everywhere.

FIRST BUILT 44 YEARS AGO

Only Disadvantage is the Initial Cost and This is Offset by Low Maintenance.

(By United Press.)

Washington, Aug. 5.—Continuing its work on road-building, the United States Office of Good Roads today discussed brick as a building material.

Forty-four years ago the first brick road in the United States was constructed in Charleston, W. Va.

"The experience of forty-four years," says the U. S. Office of Good Roads, "has demonstrated that it is entirely practical to construct satisfactory brick roads."

The principal advantage of the brick road according to the government road service are:

1. Durability under practically all traffic conditions.

2. They afford easy traction and good foothold.

3. Easily maintained and kept clean.

The only disadvantage attributed to this type of road is the high initial cost. This is largely offset, it is figured, by the low maintenance and general stamina of the road.

The best type of brick road, in the opinion of the government road experts, is a good brick laid on a sand cushion, with substantial concrete foundation.

The most essential factor in the building of a good brick road is the selection of a suitable brick. The United States road men recommend bricks made from shales and fire clays of the "lean" varieties. The shales are red while the fire clays produce a light-colored road. The brick chosen should be hard, rough and uniform in size.

Although a definite speculation as to crushing strength is not necessary, good paving brick should withstand a pressure of from 15,000 to 20,000 lbs. per square inch.

For the brick road, a concrete foundation is advisable, but where the traffic is light, broken stone will often suffice. Should stone be used, it should be put on in courses, the largest stones at the bottom, and should be from 8 to 10 inches deep.

The more satisfactory concrete base may be a composition of one part Portland cement, three parts sand and five to seven parts broken stone or gravel. This should then be covered to a depth of two inches with a clean sand, spread dry. On this sand cushion the bricks are laid on edge and at right angles to the line of the road. Each alternate row should begin a half a brick in. Raming and rolling complete the road.

STATEMENT IS EXPECTED SOON

Allies May Make Plain Their Position

Regarding Poland's Autonomy

it is Stated

AT RUSSIA'S INVITATION

Article by Gaspardine Menshikov Significant Because he Has Been Opposed to Poles

BY WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent)

Petrograd, Aug. 5.—It was learned here today that Russia, England and France may soon issue a joint statement clearly outlining the Allies' position regarding Poland's autonomy. This would be done at Russia's invitation.

The Poles believe the Allies have made themselves the champions of right against might, weak against strong, of small nation against large one.

An article about this matter by Gaspardine Menshikov has just been published here in the "Novoe Vremya". It is significant because the writer has been unsympathetic towards the Poles' aspirations, because he frequently reflects opinion in the higher bureaucratic circles of Russia.

Recently, in Switzerland, a group of Poles drew up a memorial urging Russia to take the initiative with the Entente Powers and conclude an agreement whereby upon the conclusion of victorious war the Kingdom of Poland should be reunited, autonomous in her administration, Church, education, justice, finance, communications and legislation but with customs, foreign relations and army under the control of Russia. Menshikov expressed his approval of this idea. In addition he said:

"The question arises as to whether it is not now the very time to define concretely the future autonomy of Poland by way of an international agreement between Russia and the Allies. Admitting that a formal act of this nature would be somewhat belated, it would still be very opportune just now. The question is one which all can understand and with which all could sympathize."

"A guarantee on the part of the Powers allied with us would not only allay the anxiety of the Poles and deliver them from a state of torturing uncertainty, but it would relieve our own minds and those of our allies. One part, at least, of the future relations between Russia and the West would be thoroughly elucidated."

In concluding his article, which has caused widespread comment and conjecture, the publicist declared that while this step should have been taken long ago it is not too late now.

He insists that it is particularly important that both Allies and neutrals should be reassured in regard to Russia's aims and that it should be made clear that she is fighting a war of liberation of small peoples, not one of oppression.

She will give five lectures during the week. Miss Lamkin comes eminently well qualified for the work she undertakes. She is director of the normal department of physical education in Northwestern university at Evanston, Ill. Miss Lamkin was for several years director of physical training in the public schools of St. Louis.

The chautauqua committee urges that the people not forget to hear Chief Caupolican, who is the most notable representative of the Indian race on the American platform. He is an accomplished linguist and speaks fluently in English, French and German as well as his native tongue. He is a native of Chili and is an Auroeane, a tribe which was never subdued by the Spaniards. Chief Caupolican's appearance is classed as an entertainment because he holds the audience in breathless attention during his story of his people.

From the shores of sunny Italy out of the land of tinsling tambourines and thrumming guitars, an atmosphere which has produced a goodly proportion of the world's

greatest bandmasters, comes the second attraction for the Chautauqua, Colangelo's Famous Italian Musicians. It's a big company, in numbers and musical ability, and might with all propriety be featured as a star attraction. There's something doing every minute of the Colangelo's program. The band and orchestral numbers have a lilt and jingle to them, and Colangelo's direction of his musicians is a joy. There's variety enough to suit the most carping critic—solos, duets, novelties, ensemble numbers—all rarely done, and carefully chosen to meet the demand of a popular audience. Then two great soloists furnish a joyous surprise with vocal numbers. These singers give splendid interpretation to the Neapolitan and folk songs which are the charm of Italian music. Many musical novelties will arouse your enthusiasm.

On account of the Chautauqua there will be no evening services in any of the churches on Sunday evening, August the 6th and the 13th.

J. O. SOMERVILLE, With U. S. Army in Mexico, Discusses Furlough

Mrs. Christian Fox has received a letter from her son, J. O. Somerville, with the 16th Infantry, United States army, in Mexico, in which, discussing a furlough, he says it would be entirely out of the question for him to get one while he is with the American expedition in Mexico. Evidently replying to a query as to whether he could come home, he says that it would cost him \$250.00 to come to Indiana and return. Mr. Somerville says that he could buy his way out of the regular army for \$70.00. He has only nine months more to serve. Mr. Somerville has been away from home over five years. The letter was censored by Captain L. A. McClure of the 16th Infantry and given his official O. K.

service at 10:30 a. m.

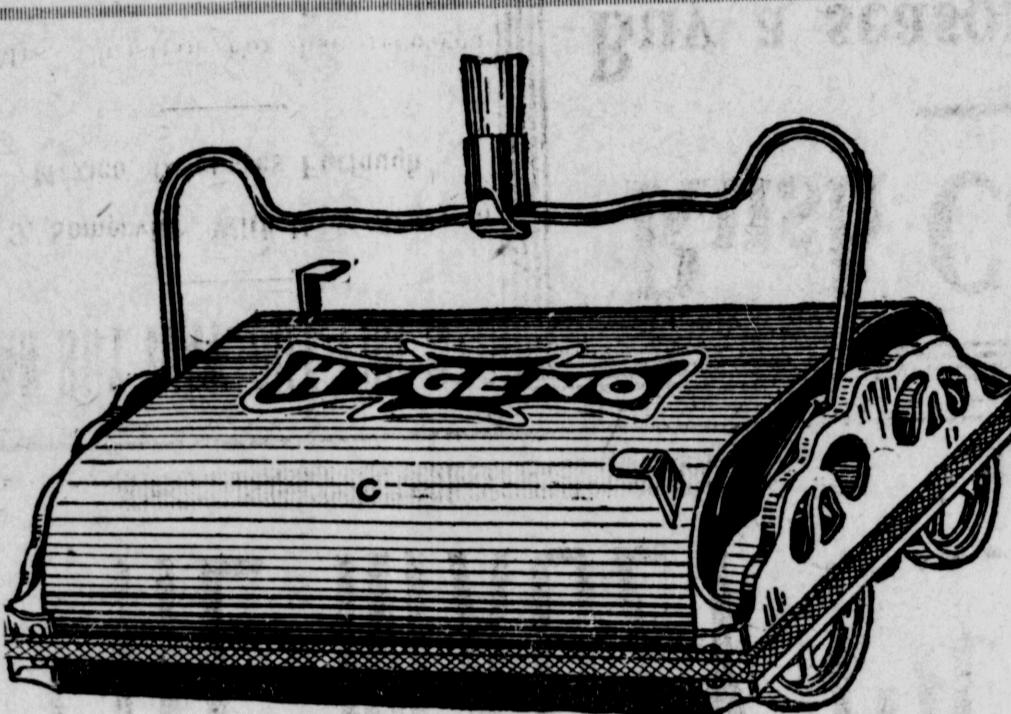

The United Presbyterian church Sabbath school followed by sermon preached by the pastor, the Rev. John T. Aikin at 10 o'clock. There will be no evening services on account of the chautauqua.

G. W. CLINGMAN FREED OF BLAME

Coroner's Verdict Exonerates Him
For Murder of George Perry
Last Sunday Morning

SHOT TOO HASTILY, HE SAYS

Clayton Perry, a Brother, Testifies
Four Shots Were Fired—
Other Witnesses Say Three

The verdict of Dr. Lowell M. Green on the death of George Perry, the Manilla man who was shot and killed last Saturday night by George W. Clingman, filed this afternoon, exonerates Clingman from any actual crime or intention of crime, but at the same time criticizes Clingman's action in shooting as hastily and uncalled for, as he did.

The coroner's verdict, while having no direct bearing on the action of the court on the charge against Clingman, goes to show the coroner's opinion of the shooting. The verdict and finding of the coroner is as follows:

"I, Lowell M. Green, coroner of Rush county do hereby find said George Perry came to his death from a 22 calibre bullet wound two inches back and on the level with the superior edge of the pinna of the left ear. Said bullet entering skull at above mentioned site ranged downward and forward penetrating the brain and lodging in the floor of left skull. I find that above mentioned bullet was one of three which were shot by George W. Clingman.

"I further find the said George W. Clingman shot while being frightened and while he shot too hastily, I find it was done without malice or forethought and that he did not intentionally, but accidentally shoot and kill one George Perry."

The evidence in the case was all in the hands of the coroner this morning after Robert Perry, the father, and Clayton Perry, the brother of George Perry, came to the office of Dr. Green and testified. The story of all the witnesses practically agree, except that of Clayton Perry.

Clayton Perry was in the buggy with his brother and father when the shots were fired. He testified that in all there were four shots fired, but all the other members of the party testified that only three shots were fired. Clingman and his wife also state that only three shots were fired. The evidence discloses that it was the third and last shot that took effect.

The verdict of the coroner can have no effect on the court proceedings, but at the same time shows what an investigation by the coroner revealed and might be used as a criterion as to what a jury might find. It was stated today that in some quarters there had been an effort made to create a mystery in the shooting of Perry by Clingman.

It was pointed out that two facts have been established and but one remains to be fixed. The two facts standing out prominently as established are; Perry is dead, having

WANDERS WAY FROM HOME

Three-Year-Old Son of Percy Wright
Found Near L. E. & W. Depot.

A lost boy scare created some excitement this morning in North Sexton street, when John Wright, three years old, son of Mr. and Mrs. Percy Wright, corner of Sexton and Seventh street, wandered away from home. The little boy was eventually found in the lumber yard in the rear of the L. E. & W. depot many blocks from his home. The boy was not missed for some time and then the search began. William Pea recalled seeing the boy in Arthur street and he was traced to the L. E. & W. depot.

LARGE BARN NEAR MOSCOW RUINED

Loss on Jefferson Lantz Farm Especially Heavy Because They Were Prepared for Sale

BARN IS HIT BY LIGHTNING

A large barn on the Jefferson Lantz farm, near Moscow, was destroyed by fire late yesterday afternoon after it had been struck by lightning. Renz Platt is the tenant at the farm. The loss is estimated at \$3,000 which is partially covered with insurance.

The barn contained 250 bushels of wheat and 30 tons of hay and a large number of farming implements. Seven horses were taken from the barn after the fire was discovered. Mr. Lantz and his tenant were getting ready for a public sale and the loss at this time was especially hard.

A severe electrical and rain storm passed over Orange township and the southwestern part of the county late yesterday afternoon and it was during this storm that the barn was struck.

GOING TO COMPETE WITH UNCLE SAM

Hargrove and Mullin Put in Stamp Vending Machine Where You Buy 'Em at Same Price.

ALSO GET SOME PREMIUMS

The latest thing in bargains to be offered in Rushville is stamps—the regular one and two cent kind handled and backed by Uncle Sam. This bargain in stamps beats buying them at the postoffice. Hargrove and Mullin have installed a stamp vending machine that gives value received in stamps and in addition several other premiums.

The machine sells only five cents worth of stamps at a time. The customer may secure five one cent stamps for his nickel or two two-cent stamps and a one-cent stamp. The envelope in which the stamps come is valuable. It is worth \$1 in case of a \$10 purchase at the store of William B. Poe and Son and one side of the envelope is good for one admission to the Princess when accompanied by two paid admissions, excepting on Saturday.

The stamp vending machine affords a convenient way of securing postage stamps both for the clerks at the store and the customers. (Continued on Page 2.)

Final arrangements were completed today and everything set in order for the opening of the Rush county chautauqua Sunday afternoon at two o'clock. The usual devotional exercises will be held and the president of the association, T. M. Green, will make the opening remarks.

Word has been received concerning the arrival of the talent so that there is every assurance that the program will be given on scheduled time. The Metropolitan Grand Quartet will reach Rushville Sunday morning at 10:51 over the C. I. & W. in plenty of time for their first program at 2:15 Sunday afternoon.

Dr. George E. Vincent, president of the University of Minnesota, who will lecture twice Sunday, will arrive here Sunday morning at 5:30 over the C. I. & W. Dr. Vincent will be a guest at the home of the Rev. and Mrs. W. H. Whitsitt. Dr. Vincent will lecture at three o'clock on the subject, "The Psychology of the Crowd," and at 8:15 at night on "The Larger Selfishness."

Dr. Charles Calvert Ellis, head of the department of education in Juニア college, Huntington, Pa., the platform manager, arrived in the city early this evening. Dr. Ellis served in the same capacity at the chautauqua last year and gave fine satisfaction. He will have charge of all the programs and in addition will give a new lecture Tuesday afternoon. He will also be a regular lecturer at the teachers' institute, speaking each morning of the institute at 8:50 o'clock.

Miss Nina Lamkin, who will be in charge of the children during chautauqua week, will come this evening from some point in Ohio to be present at the opening of the chautauqua. Her work is expected to be a boon to the grown people and a genuine pleasure to the children. Miss Lamkin's work, in a word, consists of "organized play," or play for a purpose.

She divides the children into various groups and besides gives a series of round table talks to mothers.

CONTESTS WILL ATTRACT FARMER

Tractor Demonstrations at County Fair This Year Expected to be of Great Interest

DIFFERENT ONE EACH DAY

To be Dancing Pavilion and Entertainer in Grandstand—Night Fair to be Free

After the chautauqua comes the Rush county fair. Fortunately enough there is one week intervening during which time the people of the county have a little chance to rest and get ready for the second round.

Secretary J. Q. Thomas announced today that here would be a contest of farming implements at the fair this year which should be of interest to every farmer in Rush county as well as to those who are not engaged in farming. The contest will be staged by the International Harvester company on Wednesday, Thursday and Friday of the fair.

Tractors, spreaders and other new inventions for the farm will be displayed. There will be different contests on each day, Secretary Thomas says, so that farmers will want to see each one of them.

The Arlington band has been awarded the contract to play at the fair both day and night. Harry Moeller, a versatile entertainer, has been engaged to give programs in the grandstand during both the day and night fair.

Contrary to previous years, the night fair will be free this year, which, it is believed insures a large attendance in the evening. The Elks lodge will run a dancing pavilion at the fair again this year. It is expected to be even a bigger attraction this year than last.

Secretary Thomas announced today that stockholders might get their tickets now by calling on him at his office. Family tickets are on sale at Hargrove & Mullin's drug store.

L. E. Marks has contracted to furnish the riding devices this year, Noah Tryon, who is in charge of concessions, has been visiting all the fairs in this circuit advertising the Rush county fair and getting concessions to come here. It is said that he has met with good success.

The stake races last year marked a new period in the horse racing at the county fair last year and their continuance this year means that the racing sport will be revived more than ever.

MERCURY IS HIGHER TODAY

Mounts to 95 Degrees and Weather Man Offers no Relief.

The temperature mounted higher today, indicating that thing known in the weather man's dictionary as "Bermuda high" is back on the job again. Downtown thermometers registered ninety-five degrees above during the middle of the afternoon.

The prediction for today was generally fair tomorrow, with a little lower temperature in the northern part of the state. Unfortunately, however, Rushville is not in the northern part of the state so must be content with about the same kind of weather tomorrow.

CO-OPERATION REQUESTED

Health Board Asks People to Help Enforce Drinking Cup Order.

Dr. E. I. Wooden today called attention to the order of the state board of health banning public drinking cups on August 1. The order has been given general publicity and Dr. Wooden urged that the people co-operate with the city health board and the physicians of the city in seeing that the order is obeyed.

Bubbler drinking fountains, water containers with bubbler attachment, sanitary paper cups for individual use or individual cups may be used and comply with the order.

Democratic Whip Lewis Says They Gave Bandits Impression Country Was Not United.

ANSWER TO MEXICAN ISSUE

Washington, August 5.—On the heads of "generals" of the Republican parties lies the responsibility for lives lost in Mexico, Democratic Whip Lewis said today in a senate speech.

Lewis announced his speech as an answer to the Mexican issue raised by Charles E. Hughes in his acceptance address.

He declared that irresponsible Mexican bandits had become encouraged to commit acts of horror because Republican leaders in their anxiety to embarrass the president and create a campaign issue, had given the impression that the country was not united in the support of its executive head.

Contrary to previous years, the night fair will be free this year, which, it is believed insures a large attendance in the evening. The Elks lodge will run a dancing pavilion at the fair again this year. It is expected to be even a bigger attraction this year than last.

Secretary Thomas announced today that stockholders might get their tickets now by calling on him at his office. Family tickets are on sale at Hargrove & Mullin's drug store.

FEWER CARS IN OPERATION

New York, August 5.—The street car strike which covers Manhattan, Bronx and Queens threatens to spread to a fourth borough this afternoon when the employees of the Richmond, Light & Railway company presented demands and threatened a walk out.

At the office of the Staten Island company at 2:30 this afternoon it was said there was no strike. Police Inspector Calahan reported the men had threatened to walk out at noon unless granted an advance from 24 to 30 cents an hour.

Men on the Second Avenue lines joined the strikers this afternoon. Their employers said no demands had been presented and that less than 50 per cent of their employees went out.

At noon the number of cars in operation on all lines in Manhattan had materially decreased. Officials of the railways said this was due to the lack of police protection. They maintained that strike breakers have been mobbed and intimidated it has been necessary to stop operation of cars in many sections of the city. Additional police protection is said to have been given to the strikers.

On the Second Avenue lines the strike was still in progress at noon.

WOMEN ARE NOT ORGANIZED YET

After Hearing Franchise League's Side of Argument, No Definite Step is Taken

CONGRESSIONAL UNION TODAY

Speakers of Former Organization Say They Work for Both State and National Action

Although excellent arguments were put up by the members of the Franchise League in favor of suffrage and in favor of the Franchise League itself, no organization was started by the local supporters of suffrage. The general feeling among the local women is that the branch here would be much more successful if they come to an understanding among themselves and find which league the majority of women seem to favor before making any definite move toward joining.

Miss Eleanor Barker, chairman of the Congressional Union in Indiana, was to speak at the court house assembly room this afternoon at four o'clock and endeavor to form a branch here. The Congressional Union held a meeting here two weeks ago, but no local organization was perfected. It is hinted that the women lean toward the Franchise League, now that they have heard of their propaganda.

At the meeting conducted by the Franchise League in the assembly room of the court house yesterday afternoon, inspiring talks were made by Miss Belle O'Hair and Miss Alma Sickles of Indianapolis. About 25 enthusiastic suffragists from the Indianapolis and Shelbyville Franchise Leagues were here for the meeting.

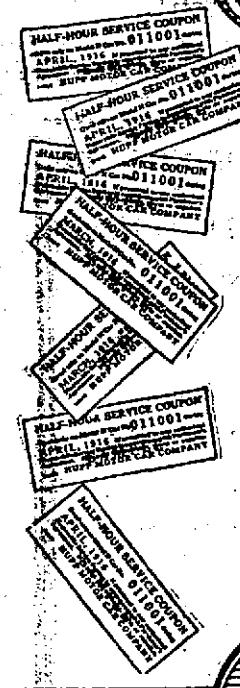

"Woman's place is in the home, but the home can no longer be governed within four walls," was the statement of Miss O'Hair yesterday, as she plead for the women, not to leave their place in the home, but to get the vote so that they would be more able to control the affairs of the home. "We are witnessing an age of the revolution and evolution of women. The conditions under which women were not allowed to vote no longer exist. The nation is getting ahead of itself. One billion women are supporting themselves in this nation and yet they are not allowed to cast a vote."

In her arguments, Miss O'Hair brought out clearly two points that woman has the natural right to vote and that by interest and temperament, she is not only capable of voting, but particularly adapted to cast the vote. She brought out the fact that the only classes of people who are not allowed to vote are paupers, idiots, convicts and women.

Are women in this class? she asked. Too, she showed the entrance of women into the business world. Out of 137 occupations today, women are barred from only two.

"Her intimate knowledge of the conditions of the home makes her particularly adapted to vote for civic improvements, which is the main incentive for women wishing to cast the vote, in order to be able to guard the health of her children by sanitation rules, to be able to vote on school problems and other improvements of interest to her. As to the time, would it take any more time to read an article on political conditions than it would to read a style magazine? or does it take any more time to go to a political meeting than to a musical meeting? O'Hair said. "Some say it is not women's business to vote. I tell them men are not the only ones who are not allowed to vote."

IS ALMOST HIT BY TRAIN

William James, Partially Deaf, Narrowly Misses Being Run Down

William James, colored, had a close call from being run down by the northbound Pennsylvania train this morning at the Perkins street crossing. Mr. James, who is hard of hearing, was driving south and when the horse was directly on the railroad track it stopped. He failed to see the train approaching and the engineer had to apply the emergency brakes to keep from hitting the rig. The train was stopped about ten feet from Mr. James. Persons witnessing the accident had the scare of their lives, in fact they appeared more frightened than Mr. James.

One Thousand Carmen Threaten

After Refusal From Company

(By United Press.)

Philadelphia, August 5.—One thousand carmen in this city will strike, probably at midnight, following a flat refusal by Thomas E. Mitten, president of the Philadelphia Rapid Transit company, this afternoon, to meet officials of the local union of the Amalgamated Association of Street and Electric railway employees. Mitten's refusal was in answer to an ultimatum issued by the carmen this morning, giving the company 30 hours to accede to their demands for increased wages and recognition of the union.

The one fact remaining to be decided was the intention of Clingman when he fired at the party of fishermen. This is a matter to be determined at the trial of Clingman.

The verdict of the coroner came as no surprise as this was predicted last Monday after he had made his first investigation. Dr. Green could find no evidence of a motive. In fact, the testimony of Clingman shows that he and Perry were very close friends and that when he fired the shot he had no target and Clingman declares he did not shoot to kill.

HUGHES STARTS ON FIRST TOUR

Republican Candidate for President Leaves on Trip That Will Carry Him to Coast

FIRST SPEECH AT DETROIT

Appears That he Will Have to do a Regular "Barnstorming" Tour

Mrs. Hughes Along

By PERRY ARNOLD

(U. P. Staff Correspondent)

New York, August 5.—Republican nominee Hughes started his stump tour today. It will carry him across the country to the Pacific Coast and back again, with a few days' vacation sandwiched in between times, at some spot in Glacier National Park, Montana.

Originally Candidate Hughes planned a dignified speaking tour with set appeals for votes in only a dozen or so of the big cities enroute to the Pacific Coast. He expects to remain a day or so in each of these large cities conferring with local leaders. But the moment he

announced a transcontinental tour he began being bombarded with appeals from Republicans for speeches in their home towns—and today it appeared that Hughes would do a regular "barnstorming" tour—rare platform speeches and all.

Four years ago, Colonel Roosevelt established a precedent for liveliness in transcontinental tours and with Hughes' ability as a campaigner his friends were betting today he would equal if not better the Rooseveltian record for strenuousity in speaking dates.

With the Governor travels Mrs. Hughes. It is a brand new departure for the wife of a candidate to be with him on campaign tours. But Mrs. Hughes has always been one of her husband's most trusted advisers and assistants in mapping political strategy, and besides she wanted to see that he kept well, so it was decided to have her along.

Governor and Mrs. Hughes, two secretaries, a messenger, the Governor's personal press agent, Carl D. Sheppard, formerly a Washington newspaperman, and a messenger will occupy one private car on the trip. Hitched on to this will be another private car for politicians, local committees, and newspapermen.

On Monday, Governor Hughes will make the first set campaign speech of the season at Detroit, Tuesday he will speak in Chicago, and then he goes to St. Paul.

Man Behind the Speech

The Republican Publicity association gave out the following statement at its Washington headquarters:

"The chief value of the Hughes speech of acceptance lies not so much in the information it contains as in the picture and impression it gives the American people of the man behind the speech. In the coming election as never before, we shall vote for men—not words. In the three years just past we have learned the futility of voting for empty promises. We have had a demonstration of the uselessness of catchy phrases backed only by a weak and vacillating personality. The American voter today is reading between the lines to find the quality of the man, and when he reads the Hughes speech he was impressed with the sincerity, the dignity and the stability of the speaker."

"It was a straightforward statement of facts and discussion of issues, without any of that impulsive extravagance of utterance which has so often led Mr. Wilson into humiliating retractions and reversals. There was no 'play to the galleries.' It was the thought, the feeling and the language of the statesman, rather than of the mere politician. It was gratifying and encouraging, therefore, to those millions of Americans who have become tired of speeches made merely to catch votes and who earnestly desire as the head of this nation a man who will represent sound economic policies at home and who will maintain the rights and prestige of the United States and its citizens in every land and on every sea."

The Minnie Press asks the Democratic exchange, who said all the jingoes were at home and not on the

Current Comments

As to Avoiding the Rocks

(Fort Wayne News)

The Journal-Gazette complains that Mr. Hughes in his speech of acceptance merely denounces the mistakes of President Wilson and does not say what he would have done had he been similarly circumstanced. It will occur to some people that it is not necessary for him to say. By his criticism of President Wilson's actions he makes it plain that he would not have fallen into the same errors.

The situation suggests the anecdote of a shipowner who wished to hire a pilot to carry his vessel through a dangerous strip of water and asked a highly recommended applicant if he knew where all the rocks were.

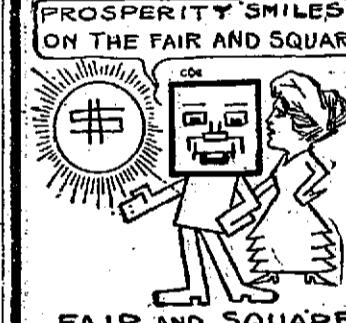

"No, I don't," promptly replied the applicant.

"Well, man," cried the ship owner, "how can you set yourself up as a safe pilot of this water without knowing where the rocks are?"

"Because, sir, I know where they ain't."

Mr. Hughes does not have to state what he would have done in many instances where President Wilson erred. He would merely have had to avoid doing what the president did. For our beloved president has bumped practically every rock,charted and uncharted, that has been set his sea.

The Rural School Term

Talk Four

(By J. L. McBrien, School Extension Agent, United States Bureau of Education, Washington, D. C.)

The lack of equal school privileges for the farm boy and the farm girl as compared with the school privileges provided for the city boy and the city girl, in length of school term, in equipment, in professional supervision, and in the qualification of teachers, are injustices that might have to be tolerated in a despotism but are discriminations that should have no place in a government of the people, by the people, and for the people. But we are not through yet with the length of the school term as one of the rankest discriminations against the farm boy and the farm girl in our public school policy.

The per cent of daily attendance of every 100 pupils enrolled in the rural schools of Maryland, according to the Bulletin of the Bureau of Education, 1913, No. 8, entitled "The Status of Rural Education in the United States," by A. C. Monahan, is only 51 per cent, the lowest percentage of attendance in the rural schools of all States in the Union. Delaware comes next with 51.4 per cent. Colorado ranks third with 53.6 per cent. The three States ranking

highest in percentage of daily attendance in the rural schools are as follows: Oregon, 90.6; Connecticut, 88.4; Massachusetts, 86. It is evident, therefore, that Maryland, with the lowest percentage of rural school attendance, is 39.6 per cent below Oregon, with the highest percentage of rural school attendance.

If the rural school attendance were raised from 67.6 per cent—the average daily attendance in the rural public schools of the United States—to 90.6 per cent, the average daily attendance in the rural public schools of Oregon, it would mean an increase of the rural school term in effect and in the aggregate for the country at large of 23 per cent. It would seem that 9.4 per cent of the actual enrollment, as in the case of Oregon, is a sufficient allowance for all reasonable absences—such as sickness, necessity of pupils being absent as wage earners in order to properly support the family, and all other reasonable excuses. Oregon has found it so. What Oregon has done every other State in the Union can do if it only will. Who is ready to say that every State should not do this for the farm boy and the farm girl?

HOOSIER BRIEFS

THE VOICE OF THE PEOPLE

Indianapolis—Indianapolis is spending more time in the water this summer than ever before according to the bathing pool guards. On some of the hottest evenings long lines have formed waiting for entrance to the bath houses.

Columbus—The hog cholera epidemic in Bartholomew county is daily growing more serious. The disease in the northwestern part of the county is almost as bad as it was last year when farmers lost many thousands of dollars.

Terre Haute—Owing to the postponement of the national encampment of the Uniform Rank of the Knights of Pythias, members of the local lodge are considering the proposal of a state encampment.

Terre Haute—William A. House, secretary of the local Y. M. C. A., left today with a party of young men for the Grand Valley, Colo., where they will pick peaches for a vacation of several weeks.

Indianapolis—The Indiana state tennis tournament opened here today with many Hoosier cities well represented. Indianapolis and Lebanon had the biggest list of entries.

Bayonne, (N. J.) Review—Republicans look to the future with entire confidence. They are aggressive and the party today may be said to resemble a thoroughbred racer, stamping and impatent, ready for the signal that will permit him to jump away and make new world's record for history to write.

Trenton, (N. J.) State Gazette—The noble qualities that distinguished Mr. Hughes as a lawyer, as governor of the State of New York, and as a member of the highest court in the land, will bring to his standard a tremendous following.

Mt. Holly (N. J.) Mirror—Already the drift has set in toward candidate Hughes. That the current of public sentiment will run more strongly in that direction as the campaign gathers impetus is not to be doubted.

Cranford (N. J.) Citizen—Clean, able and experienced, Mr. Hughes is a sound exponent of true Americanism, who believes thoroughly in the protection of American interests, whether it be industry at home or the honor and welfare of the nation and its citizens abroad.

Mr. and Mrs. John Walker of East Second street are entertaining with a family dinner tomorrow.

Mrs. Henry Miller entertained her Sunday School class of the Second Baptist church Friday afternoon. Outdoor games of all kinds amused the children. A dainty luncheon was served when the hostess was assisted in entertaining by Mrs. Harvey Miller.

The members of the Always Present class of the Christian Sunday school had a business meeting last evening at the home of the teacher, John P. Frazee of North Main street. Arrangements were made for the class to conduct the Sunday school services Sunday. After the business session conducted by the president, Miss Wilma Bever, a social hour was spent during which light refreshments were served.

MATLOCK REUNION

Members of the Matlock family in this city are anticipating a delightful gathering when they attend the annual reunion of the Matlock family to be held at Brookside park in Indianapolis tomorrow. It will be an all day affair. From this city, those who are planning to attend are Mr. and Mrs. Dan Matlock and daughter, Helen, Miss Anna Gilson, Mrs. Bates and daughter, Bessie, Mr. and Mrs. Bruce Matlock of Circleville and Mr. and Mrs. A. N. Newbold of east of the city.

FOR MISS WARRUM

During her stay here when she will sing at the Chautauqua, Miss Helen Warrum will be the guest of Mrs. May May and Miss Leona Hinckman of North Main street. Miss Warrum and her hostesses are members of the Caroline Scott Harrison chapter of D. A. R. in Indianapolis, where they made one another's acquaintance. Miss Warrum will arrive on the 11:42 car Thursday morning, and her hostesses will have a few guests in for luncheon after her arrival. Miss Warrum will be accompanied by her accompanist, Mrs. Alma Morris.

ORANGE C. W. B. M.

Mrs. Philips of Orange was hostess and leader for the meeting of the C. W. B. M. at her home yesterday afternoon. There was a good attendance to enjoy the numbers of the program which were:

Scripture reading—Mrs. Philips. Lord's Prayer.

Business period.

Bible Study—Mrs. Friend.

Reading of a leaflet—Mrs. Bowen.

Last chapter of "The King's Highway"—Mrs. Philips.

11th chapter of "Forty Years of Service"—Mrs. Ryan.

An enjoyable time was spent later in the afternoon and dainty refreshments were served.

LAWN PARTY.

Bert and Ed West entertained Thursday evening with a lawn party at the home of their sister, Mrs. Harry York. On the lawn games were played, refreshments were served, and several musical numbers, instrumental and vocal, were furnished throughout the evening. Guests for the pleasant affair were Mr. and Mrs. Ed Mock, and daughter Georgia, and son, John, Mr. and Mrs. Tom Mosburg, and son, Vern, Mr. and Mrs. Hubert Spillman, and son, Carlis. Mr. and Mrs. Herbert Holden, and the Misses Daisy Coon, Marie Spacey, Lily Vogel, Gladys McDonald, Marie Mosburg, Alice Gruell, and Gladys and Anna Watson, and Orville Barnard, Roy Culbertson, John King, Fred Mosburg, Guy Perkins, Manuel Poer, Sam Johnson and James Morrison.

INFORMAL EVENING

Mr. and Mrs. W. O. Eden furnished a pleasantly informal evening for several of their friends when they entertained at their home in North Sexton street last evening. The majority of the evening was spent in listening to musical numbers furnished by the guests. Dainty refreshments of ice cream and cake were served. The guests of Mr. and Mrs. Eden were Albert Clark, Jesse Wolding, Mr. and Mrs. A. C. Lewis, Mrs. Nettie Small, Mrs. Bertha Wainscott, Chester Smith, Mrs. Sarah Kinnear, Arthur Kinnear, James Kratzer.

FAMILY CONCERT

Andrew Guffin and his five children, Lois, Frances, Layton, Andrew and Virgil of Roswell, N. M., entertained their friends in the Little Flatrock neighborhood where they formerly lived, last evening by giving a concert at the church there. The entire program was made up of numbers given by members of the family and was composed of readings, violin solos, cornet solos, a male quartette, and several orchestra numbers. Every number was well rendered and especially enjoyed because of the unusualness of the concert.

CAST PICNICS

Between rehearsals yesterday afternoon and evening, the cast of "The Midsummer Night's Dream" had a picnic at the chautauqua grounds. The two course supper was spread on the benches near the coliseum and over it the members of the cast had a delightful time. Those enjoying the informal little affair were the Misses Louise Poe, Leah Flint, Josephine Kelly, Kathleen Hogsett, Frances Frazee, Mr. and Mrs. Francis Moor, Prof. and Mrs. Beriault and daughter, Ben Cox, Denning Havens, Duane and Norman Reed, Stanton McBride, Wallace Payne, Dwight VanOsdol, and Simeon Stewart.

HAYRIDE

It was a jolly group of young people that took a hayride last evening as the guests of Miss Esther Anderson, who entertained honoring Miss Lillian Bell and Miss Kathryn Hutchinson of Huntington, W. Va. They rode to the home of Howard Stiers where a bonfire was built, on which they toasted marshmallows. Watermelons were also served. The evening was spent riding about the country, singing and having a good time in general. Miss Jessie Anderson and Ernest Marlatt were chaperones for the party, which consisted of the Misses Lillian Bell, Kathryn Hutchinson, Dorothy Sparks, Howard Stiers, Hubert Alexander, Dorothy Allen, and Lucien Anderson, Paul Parrish, Robert Allen and Harry Schmalzel.

GUFFIN DINNER

Mr. and Mrs. Ol' Guffin of west of the city entertained with a family dinner today in honor of Andrew Guffin and his five children who are visiting here from Roswell, N. M. Members of the Guffin family joined in the delightful time of welcoming back the visitors who formerly made their home in this country. An elegant dinner was served and the majority of the day was spent on the lawn.

Household Hints

Simple milk puddings should not be put in a very hot oven, or the milk will curdle.

Never have many cream dishes at any one meal; it is as bad as having several starchy dishes.

Epsom salts has been found by many to be excellent for setting the color of a delicate fabric. Just add a teaspoonful to each gallon of water and your garments, even those made of serge and other woolen materials, will wash easily without losing their color.

Before using your tins for cooking, always fill them with cold water adding a handful of salt, and allow them to stand several hours, then rinse well in clear cold water. You will find this worth the trouble, for nothing sticks to them.

The busiest season for the farmer is also the busiest season for the farm woman. The conveniences that will lighten and expedite her work should be given as much consideration as the implements to be used in the field.

After a food chopper has been used for some time the knives will be found to have become dull both in color and in cutting power. When this happens it is not to be supposed that the chopper has outlived its usefulness, for by taking a piece of scouring soap and passing it through the chopper, grinding it up just as you would an article of food, the knives will become bright and sharp, and the powdered soap may be used again.

Lemonade made with oranges, lemons, a few slices of banana and a sprig of mint is delicious and refreshing.

When washing pillow feathers, try this method of removing your pillow feathers at home: Make cases of cheesecloth; rip open one end of the pillow and sew the open end of the pillow, and empty the contents of one into the other. Now wash the ticking and roll it up into a sort of a handle. Shake the cheesecloth bag with the feathers up and down in a tub of soapy water. Rinse thoroughly in clear water and hang on the line in such a way that the ticking should not touch the feathers. Shake the feathers every half hour and when dry shake back into the ticking. You will find that after this process the pillows will be plump and fluffy.

MISSIONARY MEETING

At the home of Mrs. John Cassidy the Missionary society of the Little Flatrock Christian church had an interesting meeting Thursday afternoon. Mrs. Will Morgan had charge of the meeting which had the following numbers on the program:

Scripture—Grace Armstrong.

Prayer—Mrs. Hattie Barber.

Song.

Bible Study—Home in Corinth.

Mrs. Ora Norris.

Paper—The Centennial Campaign.

Mrs. Nellie Myers.

Roll Call.

Solo—Mariam Holman.

Business Period.

Talk—Children's Work—Mrs. Cassidy.

Story—Committee on Strangers.

Mrs. Pearl Fisher.

Mission Study—Mrs. Anna Heaton.

Sentence prayer—Mrs. Blanche M. Wilson.

Hidden answers.

Song.

During the business session, two new names were brought up for membership, Mrs. Sam Bever and Mrs. Carl Logan.

The ladies of the August division served delicious refreshments of ice cream and cake. In the August division are Mrs. J. W. Manzy, Mrs. Charles Manzy, Mrs. Walter Looney, Mrs. Bert Heaton, Mrs. John Dewey, and Mrs. George Smith.

FASHION AND FADS

Skirts are generally ruffled.

Sports hats of felt are most favored.

Flexible bracelets are very much worn.

Drop earrings are increasing in favor.

Short elbow sleeves are much befrilled.

Even baby dresses nowadays are smocked.

Dainty boxes are being made of cretonne.

Large pearl knobs are still seen on handbags.

Some of the newest frocks have short sleeves.

Your parasol may be any shape and be fashionable.

Thick silk fringe is being used on English sports coats.

Long stoles of ermine and velvet are worn this season.

The simply trimmed hats are decidedly the most chic.

Long, full sleeves have deep gauntlet cuffs of linen.

Tailored suits of white pique are among the new things.

New bathing suits are made of gay-figured materials.

Buffed alligator is coming into use again for handbags.

Frocks of plain taffeta, combined with plaid are fashionable.

them neglect their business to go to the polls?"

The principal part of the talk made by Miss Alma Sickles of Indianapolis explained the principles of the Franchise League, especially as it differs from the Congressional Union. The two things that the Congressional Union has borrowed from the English Suffragettes are holding the party in power responsible and threatening them if suffrage is not carried through, and practice of heckling speakers in congress. She pointed out that the Franchise League had been working for the Susan M. Anthony amendment to the national constitution for 26 years and the Congressional Union had been working for it for three years. Instead of holding the party in power responsible, the Franchise League believes in working through both parties, inasmuch as it would be impossible to get a two-thirds majority in congress from either party. It is a mistake to appeal on party lines, for this issue which is of interest to both parties, she said.

Those New Coats in Striking Shades of Tobacco Brown, Mustard, Peacock Blue and Emerald Green—Toilette Cases, Too, Are Veritable Pandora Boxes That Contain Everything to Please the Fastidious Eye.

By MARGARET MASON.

(written for United Press.)

Luella travels all the while.

She's never seen at home;

Her travel togs become her so,

She simply has to roam.

New York, August 5—Traveling made becoming! That's what the stunning new travel togs do for the busy little globe trotter. Hats, coats, veils, bags and boxes, they are all smart as smart can be.

The newest travel coats come in striking shades of tobacco brown, mustard, peacock, blue and emerald green and hang voluminously fall from narrow shoulders or narrow yokes. Huge patch pockets big as silver dollars or oven doughnuts.

Of a certainty, if your coat is peacock blue your toilette case too must be that hue. These fascinating receptacles, when of the colored leather, are built like small suit cases, but the regular traveling bag shaped ones are all of either dark leather or pig skin and then lined to match your color scheme.

It were easier to enumerate what these Pandora treasure boxes do not contain than what they do. Every

thing appertaining to a fastidious feminine toilette is there. The complete beauty parlor to be toted at ease by a red cap and be at your service

by land or sea as first aids in your

capture of all nationalities of male.

There are, of course, hair brush,

comb and mirror, clothes brush,

brush and nail brush; a complete

manicure outfit, an electric curling

iron, soap box, tooth brush case and

innumerable boxes and jars of cold

cream, powder, rouge, scents and

lotions.

Button hook, shoe horn and hair-

pin box also, lurk in ambush. These

articles are most adequate in ivorine

monogrammed or striped in black or

gold, but an edition de luxe is ex-

quisite in crystal, gilt and enamel.

There are the complete sewing kits

too in either leather or cretonne cov-

ered boxes so that you may darn or

stitch en route and take the famous

little stitch in time that saves nine.

For the thrifty traveler, who loves

to put out a wash in the privacy of

her stateroom or hotel domicile there

is a three pound electric iron that

will turn upside down and let you

heat water on it. It is made with a

hole in one end where you may heat

your curling iron and it all packs up

in a small velvet bag of nine by sev-

en inches.

BRITISH FACE STATEMENT IS FOR TRADE CRISIS EXPECTED SOON

Latest Submarine Commercial Vessel of German Said to Have English Worried.

DUE TO START BACK TODAY

Plan to Offset Any Attempt Following War of Germany to Unload Goods on Market.

(By United Press) Baltimore, Md., August 5.—The giant U-Boat Deutschland, which made history by cruising from Germany to this port with a \$700,000 cargo of merchandise, is scheduled to start back to Germany today with a cargo of badly needed supplies for the Fatherland.

If, as the promoters of the commercial company that built the Deutschland claim, this is only the beginning of undersea commerce between the two countries, the British blockade not only has been permanently pierced, but Great Britain faces a crisis in her commercial export trade, according to what is being said and done in London.

Some time before the Deutschland arrived at this port, the merchants and manufacturers of England were frightened by the authentic report that Germany had stored up \$1,800,000,000, or nearly two billion dollars worth of goods ready to dump on the markets of the world after the war. The Britishers organized at once. The Association of Trade Protective societies, with 50,000 members and adopted a resolution urging the government to help head off the flood of German goods through the establishment and operation of a Ministry of Commerce. Should the undersea commerce venture of Germany, while the war still is in progress, prove practical on a big scale, England will be powerless to crush the Teutonic commercial competition and will, it is believed, face a series situation in dealing with her world markets, particularly after the war and somewhat immediately.

United States Office of Good Roads Says They Give General Satisfaction Everywhere.

FIRST BUILT 44 YEARS AGO

Only Disadvantage is the Initial Cost and This is Offset by Low Maintenance.

(By United Press) Washington, Aug. 5.—Continuing its advice on road-building, the United States office of Good Roads today discussed brick as a building material.

Forty-four years ago the first brick road in the United States was constructed in Charleston, W. Va. The experience of forty-four years, says the U. S. Office of Good Roads, has demonstrated that it is entirely practical to construct satisfactory brick roads.

These roads, say Uncle Sam's experts, "now are giving general satisfaction, when properly constructed and it is probable that their mileage will continue to increase rapidly."

The principal advantage of the brick road according to the government road service are:

1. Durability, under practically all traffic conditions.
2. They afford easy traction and good foothold.
3. Easily maintained and kept clean.

The only disadvantage attributed to this type of road is the high initial cost. This is largely offset, it is figured, by the low maintenance and general stamina of the road.

The best type of brick road, in the opinion of the government road experts, is a good brick laid on a cushion, with substantial concrete foundation.

The most essential factor in the building of a good brick road is the selection of a suitable brick. The United States road men recommend bricks made from shales and fire clays of the "lean" varieties. The shales are red while the fire clays produce a light-colored road. The brick chosen should be hard, rough and uniform in size.

Although a definite speculation as to crushing strength is not necessary, good paving brick should withstand a pressure of from 15,000 to 20,000 lbs. per square inch.

For the brick road, a concrete foundation is advisable, but where the traffic is light, broken stone will often suffice. Should stone be used, it should be put on in courses, the largest stones at the bottom, and should be from 8 to 10 inches deep.

The more satisfactory concrete base may be a composition of one part Portland cement, three parts sand and five to seven parts broken stone or gravel. This should then be covered to a depth of two inches with a clean sand, spread dry. On this sand cushion the bricks are laid on edge and at right angles to the line of the road. Each alternate row should begin a half a brick in. Ramping and rolling complete the road.

SAVE MONEY IN PAINTING

By having the work done right in the first place. Good material applied in a workmanlike manner, by painters who know how, will outlast two to one the cheap mail order and department store paint, slattered on by a handy man, and what is more, good paint protects your lumber from decay. Cheap dope does not.

ASSEMBLY ALL READY TO OPEN

Continued from Page 1
 She will give five lectures during the week. Miss Lamkin comes eminently well qualified for the work she undertakes. She is director of the normal department of physical education in Northwestern University at Evanston, Ill. Miss Lamkin was for several years director of physical training in the public schools of St. Louis.

The chautauqua committee urges that the people not forget to hear Chief Caupolicán, who is the most notable representative of the Indian race on the American platform. He is an accomplished linguist and speaks fluently in English, French and German as well as his native tongue. He is a native of Chili and is an Aurocane, a tribe which was never subdued by the Spaniards. Chief Caupolicán's appearance is classed as an entertainment because he holds the audience in breathless attention during his story of his people.

From the shores of sunny Italy out of the land of tinsing tambourines and thrumming guitars, an atmosphere which has produced a goodly proportion of the world's

greatest bandmasters, comes the second attraction for the Chautauqua, Colangelo's Famous Italian Musicians. It's a big company, in numbers and musical ability, and might with all propriety be featured as a star attraction. There's something doing every minute of the Colangelo's program. The band and orchestral numbers have a lit and jingle to them, and Colangelo's direction of his musicians is a joy.

There's variety enough to suit the most carping critic—solos, duets, novelties, ensemble numbers—all rarely done, and carefully chosen to meet the demand of a popular audience. Then two great soloists furnish a joyous surprise with vocal numbers. These singers give splendid interpretation to the Neapolitan and folk songs which are the charm of Italian music. Many musical novelties will arouse your enthusiasm.

With The Churches

On account of the Chautauqua there will be no evening services in any of the churches on Sunday evening, August the 6th and the 13th.

Services at the St. Paul's M. E. church for Sunday are Sunday school at 9:30 a. m. and preaching

J. O. Somerville, With U. S. Army in Mexico, Discusses Furlough

Mrs. Christian Fox has received a letter from her son, J. O. Somerville, with the 16th Infantry, United States army, in Mexico, in which, discussing a furlough, he says it would be entirely out of the question for him to get one while he is with the American expedition in Mexico. Evidently replying to a query as to whether he could come home, he says that it would cost him \$250.00 to come to Indiana and return. Mr. Somerville says that he could buy his way out of the regular army for \$70.00. He has only nine months more to serve. Mr. Somerville has been away from home over five years. The letter was censored by Captain L. A. McClure of the 16th Infantry and given his official O. K.

service at 10:30 a. m.

The United Presbyterian church Sabbath school followed by sermon preached by the pastor, the Rev. John T. Aikin at 10 o'clock. There will be no evening services on account of the chautauqua.

There Are a Half Dozen Want Ads a Week That You Should Answer.

Sometimes there may be that many in one issue of the paper. If you've never formed the habit of answering and investigating want ads, then you have still to form what will prove the most profitable habit of your life.

This is a good time to start in, even if the ads were half true instead of being just true.
